

FRUIT-GROWERS ARE FRIGHTENED

Fear That Cold Weather Will Again Cause Loss of Crops.

(Special to The Times-Dispatch.) WINCHESTER, VA., April 10.—The cold weather of the past two days has given the fruit growers a great scare. Peaches are in full bloom and other fruits, except apples, are far advanced. Frosts on April 19, last year, practically wiped out last year's peach crop, making a loss of many thousands of dollars, and great apprehension is entertained to-night of a like disaster.

QUEEN OF ACTRESSES PRAISES PE-RU-NA.

MISS JULIA MARLOWE.

"I Am Glad To Write My Endorsement Of The Great Remedy Pe-ru-na. I Do So Most Heartily."

Julia Marlowe.

ANY remedy that benefits digestion strengthens the nerves. The nerve centres require nutrition. If the digestion is impaired, the nerve centres become anemic, and indigestion is the result.

Pe-ru-na is not a nerve nor a stimulant. It benefits the nerves by benefiting digestion.

Pe-ru-na frees the stomach of catarrhal congestions and normal digestion is the result.

In other words, Pe-ru-na goes to the bottom of the whole difficulty, when the disagreeable symptoms disappear.

Mrs. J. C. Jamison, 61 Marchant Street, Watonsville, Cal., writes: "I was troubled with my stomach for six years. I tried many kinds of medicine also was treated by three doctors. They said that I had nervous dyspepsia. I was put on a liquid diet for three months.

"I improved under the treatment, but as soon as I stopped taking the medicine, I got bad again. "I took the medicine for two years, then I got sick again and gave up all hopes of getting cured. "I saw a testimonial of a man whose case was similar to mine being cured by Pe-ru-na, so I thought I would give it a trial. "I procured a bottle at once and commenced taking it. I have taken several bottles, and am entirely cured. "I have gained in strength and feel like a different person. I believe Pe-ru-na is all that is claimed for it."

Nervines, such as coal tar preparations, are doing a great deal of harm. Sleep medicines and headache powders are all alike—heart depressants, and should not be used. The nerves would be all right if the digestion were good. Pe-ru-na corrects the digestion.

News of Petersburg

Times-Dispatch Bureau, 103 North Ecomore Street, Petersburg, Va., April 10. No announcement was made by the anti-saloon advocates, as had been expected would be the case, of their plans to an early local option election in Petersburg. A meeting of the committee having the matter in charge was held last night, and it is understood it was decided not to give out details at present. But it may be stated as a fact that a local option election has been agreed on, and that as soon as details are perfected application will be made to Judge Mullen, of the Hustings Court to issue an order for the election. The Anti-Saloon League is moving carefully but firmly in the matter, and they do not propose to make any mistake—legal or technical—in their preparations for their great fight against the liquor traffic, and to say that the election is going to be a hotly contested one is but putting it mildly. It is proposed that the petition to be presented to Judge Mullen within the next few days will bear the signatures of hundreds of names, and each name is to be that of a legally qualified voter. While no details are yet given out, it is thought that the campaign of the anti-saloonists will be conducted along lines in some respects similar to those pursued in other cities which resulted in victory for the temperance cause. With the exception that, while the women may be organized for the special work of circulating anti-saloon literature and using their influence at their homes, they will not parade in public or appear at the polls. The educational work will be done in the churches and by eminent temperance advocates. The qualified vote of Petersburg is about 1,800, including some 200 negroes, and it is believed that such interest will be aroused on the liquor question that nearly this entire vote will be polled at the election, which will probably be held in June, or may be earlier. The liquor dealers are saying to-day that they are glad the decision has been made to have a local option election, and that the matter of license or no license is settled. The no license is said to be settled. The doubt that has been hanging over the question has affected their business. They will make application to Judge Mullen this month, however, for the renewal of their licenses on the 1st of May. Horsethief Still at Work. If the negro horsethief, who has lately been operating so extensively in this section, is ever caught he will have a score or more charges preferred against him, and if tried in the several counties he is more than anxious to get him will likely go to the penitentiary for life. Last night he stole a fine gray horse at or near Butterworth's, in Dinwiddie county, and no doubt has sold the animal by this time to some innocent party. The negro is said to be about thirty or thirty-five years old, 5 feet 6 or 7 inches high, weighs 165 pounds, has a gold tooth, and goes heavily armed. He always carries two pistols. He was nearly captured in Prince George county several days ago, but he managed to escape. He went from one county to another so quickly that it seems hard to keep up with him, and he is only heard from when a horse or horse and buggy and sets of harness are missing. He is a bold and swift operator. Inspector J. E. McCulloch reports sales of loose tobacco in this city this week at 43,310 pounds, and the total sales for the season at 6,956,010 pounds. George Wheelhouse, white, was this morning sent on to the grand jury by the Police Justice for feloniously cutting and wounding Samuel Moore some days ago. Moore was in the breast, and he is just able to be out. Postmaster Edith Bolling is again confined to his home by sickness. Dr. J. W. Bryant, of Crewe, who was but recently recovering from a severe spell of illness, is reported to have suffered a relapse. Two of his sons—Alexander W. and George Bryant, of this city—were called to his bedside yesterday. Rev. Dr. J. M. Pletcher, a distinguished Baptist divine, for twenty-five years a resident of Petersburg, and well known throughout all the Baptist associations in Virginia, left for Blackstone to-day to take up his residence there. He has accepted a call to the pastorate of the Baptist Memorial Baptist Church in that town. The game of baseball announced to take place Monday afternoon on the Riverside Club grounds between the Randolph-Macon and Richmond College teams will not be played. A telegram received to-day stated that the game had been canceled. Among the converts at the Wesley Methodist Church revival last night was a man seventy-two years of age. Spiritual and beautiful Easter music will be rendered at a number of the churches in this city to-morrow.

MORAVIAN SERVICES.

Thousands Attracted by Beautiful Easter Ceremonies. WINSTON-SALEM, N. C., April 10.—The beautiful Moravian Easter services, as usual, have attracted hundreds of visitors to the Twin City. About 1 o'clock to-morrow morning the Salem Band will make a tour of the city, to announce with fine old chorals the resurrection of the Lord. The band will be in three divisions. About 4 o'clock all will meet at the Belo Home, where breakfast will be served. At 6 o'clock an impressive service will be held in the Moravian God's Acre, conducted by Bishop Edward Rondthaler.

With favorable weather no less than 6,000 people are expected to attend. A beautiful thought of the Philathea class of the Home Sunday School, in the decorating with magnolia leaves the graves of the early settlers of Salem. These lie buried along the central walk of the Moravian graveyard, and some of the headstones are so ancient and mossy the lettering is difficult to decipher. Some of them bear the dates of 1771, 1773, 1774, and most of those who have so long been sleeping in this peaceful and holy community were born in Europe. Here is the grave of "Frederic William Marshall, Senior, United States Army, Saxony, Departed Feb. 11, 1862, aged 81 years." He it was who plotted the town of Salem in 1784 giving it the name of Count Zinzendorf. Just across the walk lies the dust of his wife, "Eliza Marshall, Lusatia, Departed 25d March, 1795, aged 71 years."

By unanimous vote C. C. Claypool was elected president of the association; E. M. Thornton, vice-president; W. F. Mallory, secretary, and J. T. Nicholas, treasurer.

The meeting was addressed by several prominent citizens of the county. D. Kelly, the orator of the meeting, was the first speaker. He was followed by Captain Collins, of New York, a capitalist, who owns large property interests in the county. Rev. Stockton Cole, pastor of the Baptist Church at Remington, and S. D. Entire, a real estate owner, followed. An enrollment of the members was ordered by the president of the association, and the meeting was adjourned to meet at his call.

TWO CANDIDATES OUT.

An Interesting Contest for Legislative Honors Promised. (Special to The Times-Dispatch.) ALEXANDRIA, VA., April 10.—With but two avowed candidates in the field for the Legislature, the contest promises to be extremely interesting. The avowed candidates are Robinson Moncure, a young attorney, and J. Fred Birch, formerly clerk in the Legislature, and a member of the City Council from the Third Ward. R. W. Arnold, at a meeting of the City Democratic Committee, withdrew from the contest. It is reported that James E. Clements, of Alexandria county, will enter the contest. Mr. Clements has not, however, as yet made any formal announcement of his candidacy. A joint meeting of the city and county committees will be held April 25 for the purpose of setting a date for the primary. A municipal primary will be held May 18 for the purpose of electing city officers. The only candidate who will have opposition is City Sergeant R. H. Cox, who will be opposed by John McCuen.

Hall, secretary of the Board of Trade and Business Men's Association, Major Joseph E. Kuhn, United States engineer in charge, has suggested that the Board of Trade give some expression in regard to the proposed inland waterway from Boston to Beaufort, N. A survey of this inland waterway has been ordered by Congress, and it is believed that the Board of Trade will be asked to give its opinion on the matter. The communication will be presented to the directors of the Board of Trade and Business Men's Association at an early meeting.

Tabb, about eight miles northeast from here, was burned this morning about 9 o'clock. It was a very old country residence, on the Forest farm, and contained some very fine and highly prized antique furniture. For several years the house had been occupied and taken care of by Mr. and Mrs. Carter Berkeley. The roof caught on fire this morning from sparks from the chimney. Mr. and Mrs. Berkeley and Miss Tabb were the only persons about the place, and they saved some of their apparel, but most of the contents were consumed, and the house is a total loss.
